Skin Care

Skin Care System

Step One – Before Work: using products before working with harsh substances makes clean up easier when the workday is done

- **Travabon® Classic:** silicone- and oil-free formula works best when used before working with oil-based substances, such as grease, oil, cutting oils, and organic solvents
- **StokoDerm® Advanced:** use when skin is exposed to both water and oil-based substances during work
- Silicone-free cream soothes skin while working with items such as carbon black, casting dust, waster oil, and UV lacquers

Step Two – Cleaning: remove the toughest grease and grime from your skin

- **Kresto® Classic:** excellent for extra-heavy cleaning of grease, ink, and carbon black
- Contains all natural, biodegradable walnut shell scrubbers for a deep down clean
- **Kresto® Special Ultra:** effectively removes oil-based paints, lacquers, stains, adhesives, tar, and asphalt
- Water-soluble formula replaces the use of thinners and other technical solvents

Step Three – Conditioning: replace lost moisture and oils to keep your skin smooth and healthy

- **Stokolan® Classic:** silicone-free, concentrated conditioning cream soothes chapping, chafing, and eczema

Please specify color: Blue (BE), Green (GN), Red (RD), White (WE), or Yellow (YW). *Also available in Orange (OE), Purple (PE), and Pink (PK).

Can Liners

Industrial Can Liners

- **Low Density** liners: high quality, blended resins provide great strength and puncture resistance
- **Multi-purpose** liners are ideal for sharper objects and rougher transport conditions
- **High Density** liners: thinner gauges, more cost effective, yet hold the same weight
- Less impact on the environment
- Not recommended for disposal of sharp objects

High density liners are thin yet still hold the same weight, reducing impact on the environment
